This Order is issued to approve the Motion of Momentum Business Solutions, Inc. ("Momentum") that the Public Service Commission of South Carolina ("Commission") treat certain of Momentum's responses (specifically Response Nos. 11, 12, 19, 20, 22, 25, 26, 30, 31, 34, and 35) to BellSouth Telecommunications Inc.'s First Interrogatories filed on January 7, 2003, as proprietary and confidential. Momentum claims that certain information contained in its Responses is extremely sensitive to Momentum.

A review of the materials in question establishes that the materials do provide detailed information concerning Momentum's business and practices which are sensitive. The South Carolina Freedom of Information Act ("FOIA") allows exemption from disclosure proprietary business information that meets a definition of "trade secrets." S.C. Code Ann. Section 30-4-40(a)(1) states that matters which may be exempt from FOIA include: "(1) Trade secrets, which are defined as unpatented, secret, commercially

valuable plans, appliances, formulas, or processes....Trade secrets also include, for those public bodies who market services or products in competition with others, feasibility, planning, and marketing studies, and evaluations and other materials which contain references to potential customers, competitive information or evaluation.” We find that the information for which Momentum seeks protection as proprietary or confidential falls within this definition of materials which may be exempted from disclosure under FOIA.

By Order No. 2003-729, dated December 17, 2003, the Commission provided procedures to protect materials designated confidential by the parties. However, Order No. 2003-729 addressed how the parties would treat confidential or proprietary information and did not address how the Commission would treat materials designated as confidential or proprietary. Momentum’s request for confidential treatment of its responses to BellSouth’s interrogatories requests that materials designated as confidential be treated as such by the Commission.

Because the Commission finds that the information filed by Momentum is proprietary and meets the definition of “trade secrets” as defined under FOIA, the Commission grants the Motion of Momentum. Therefore, the Commission modifies the previous Protective Order issued in this docket by specifically providing that the aforementioned information provided by Momentum for filing with the Commission shall be considered proprietary and confidential and shall be subject to the same conditions and protections afforded by Order No. 2003-729, dated December 17, 2003.

IT IS THEREFORE ORDERED, ADJUDGED, AND DECREED THAT:

1. Confidential and proprietary materials filed with the Commission by Momentum in response to discovery requests propounded by parties in this docket shall be subject to the same conditions and protections afforded by Order No. 2003-729, dated December 17, 2003.

2. This Order shall remain in full force and effect until further Order of the Commission.
